

August 1, 2006

To Whom It May Concern:

This is to serve as notification per the Texas Parks & Wildlife requirements that an aquatic vegetation treatment plan has been submitted for the treatment of hydrilla in a portion of Faulkner Park Lake, owned and operated by the City of Tyler. The product to be used is Aquathol Super K which has no label restrictions as to water use applicable to this situation. Area of treatment will be posted to advise no consumption of fish for 72 hours following application. The applicator will be Aquatic Management Services of Tyler, TX. The proposed treatment date will be August 21, 2006.

If there are any questions, you can contact me at: 903-531-1200 or creiland@tylertexas.com.

Sincerely,

Craig Reiland
City of Tyler
Rose Garden Supervisor

Aquatic Vegetation Treatment Proposal

A **map of the water body** with proposed treatment sites indicated should be **attached**.
 A **separate form** should be filled out for **each plant species treated**.

Water Body Name: Faulkner Park (Tyler) *Submission Date: 08/02/2006

Date Surveyed: 07/21/2006 Proposed Treatment Date: 08/21/2006
