SE Texas B.A.S.S. Federation Nation
Jr. Bassmasters Tournament
Lake Limestone – Running Branch Marina
19 teams participated and 8 teams weighed in fish.

The second trail stop of this season was at Lake Limestone. Once again we were greeted by a great set of weather conditions. Who can complain about low 80`s with a slight breeze? Now the fishing on the other hand was a little less than desirable. It seems that fish of every species were hard to come by except for a 6 fish bag of white bass from Ron Esman Jr. Ron was able to capture first place in his age category and secured the Big Bag prize for his age groups.

Congratulations to Zack Colosky! He is the first qualifier for the State Championship in October. Zack and his brother Jake are in their sophomore season with the Jr. Bassmasters and I am proud to have them fish us. We were lucky to have them on Limestone due to a little mishap that their dad Mike had with a black cow out on the highway. I am so glad that no one was hurt. I hope to see that new truck at Conroe Mike.

Thank you to Nancy and Darrel of Running Branch Marina for allowing us to use the facility! It is always a pleasure to stay at "The Branch". Thank you to all the members of the Brazos Anglers Bass Club for hosting the event. I appreciate your assistance and participation. Fellow anglers if your Federation Club would like to host a JRBM tournament contact me in advance so I can have your event approved for Top Six Points.

Thanks to all our sponsors that make these events possible. Special thanks to George Cook of Geneva Enterprises who contributes Reel Grips, Solar Bats Sunglasses and Cull-Again-Man culling systems, Dad's Old Tackle of Conroe who contributes Pinnacle Reels, American Rodsmiths, Academy Sports of Conroe, John Payette of www.bassfishingworld.com, Skeeter Boats, Berkley, Plano Molding and most of all the SE Texas B.A.S.S. Federation Nation.

All The Bass,

J Miller
