

Date: April 4, 2006

To persons requesting herbicide use notification:

Per your request, I am writing to provide you with notice of a requested aquatic herbicide treatment in a public water body within the State of Texas.

After a review of the TPWD Guidance Document for aquatic vegetation management, treatment proposals were submitted by TPWD staff for the following treatments:

Lake	Plant Species	Herbicide	Acres Treated	Start Date	Applicator License #
Caddo Lake	Waterhyacinth	Weedar 64 2,4-D	500	4/18/06	0388331

Herbicide applications will be conducted by certified pesticide applicators, and application rates will not exceed the maximum rate indicated on the specimen label. Label information can be found at the following websites:

<http://www.cdms.net/ldat/ld2AE005.pdf>
<http://aquat1.ifas.ufl.edu/guide/glypholab.pdf>

If you have questions, please contact Dr. Earl Chilton II at, 512-389-4652, or myself at 409-384-9965. Thank you for your interest in aquatic vegetation management.

Sincerely,

Howard Elder
