

May 9, 2006

To Whom It May Concern:

This is to serve as notification per the Texas Parks & Wildlife requirements that an aquatic vegetation treatment plan has been submitted and approved for the treatment of hydrilla in a portion of Lake Tyler East, owned and operated by the City of Tyler, in the area of East Lake Woods Subdivision. The product to be used is Nautique which has no label restrictions as to water use after the application. The applicator will be Aquatic Management Services of Tyler, TX. The proposed treatment date will be May 23, 2006.

If there are any questions, you can contact me at: 903-939-1538 or mmarable@tylertexas.com.

Sincerely,

Mitch Marable
Manager, Water Production
and Water Quality
