It is a new season for the Jr. Bassmasters and right out of the gate the contestants are catching fish. The weather could not have been better. The forecast called for rain but we were spared any wet stuff and enjoyed the cloud cover. Temps were in the low 70's and mild to no breeze. The water temps were in the high 60's with the water clarity varied from stained to murky due to an abundance of rain the week-end prior.

Several anglers reported catches on soft plastics and spinner baits in areas with exposed brush in shallow water. Other teams reported several catches on shallow jerk baits on spawning flats. An impressive sack of fish came in from our newest angler in the beginner's category. Cece Pace and her Mother Tracy Pace weighed in a five fish limit of black bass weighing in at 11.37lbs. Zack Colosky returned for another season and walked away with the first overall and age category win of the season with 4 bass weighing 12.30lbs. He was especially proud of his 4.70 big bass kicker.

We would like to thank the Frontier Park for the use of the ramp.
